

Annex VI. Alignment of Programme and Course Learning Outcomes

Master of Advanced Pharmacy Programme Learning Outcomes

At the end of the MAP programme, students should be able to:

- PLO 1. Drawing on local and international perspectives, critically evaluate, consolidate and extend up-to-date knowledge and skills in medicine use and management to ensure medication safety in the health system.
- PLO 2. Critically review and appraise the literature on pharmacotherapies and related medical practice to guide professional practice across pharmacy disciplines.
- PLO 3. Identify and address ill-defined problems and emerging issues in medicine use and management through critical analysis of existing evidence and generation of new knowledge.
- PLO 4. Demonstrate effective communication and interpersonal skills in professional practice and in collaboration with key stakeholders and members of the public for achievement of outcomes.
- PLO 5. Reflect on one's own practice and evaluate the professional ethics and conduct in the pharmacy disciplines.
- PLO 6. Display commitment to continuing professional and personal development, and to the advancement of pharmacy practice.

Mapping of University's Educational Aims (UEAs):

PLOs	Alignment with the University's Educational Aims (UEAs)					
	UEA 1	UEA 2	UEA 3	UEA 4	UEA 5	UEA 6
PLO 1	X	X				
PLO 2	X	X				
PLO 3	X	X	X			
PLO 4				X		
PLO 5					X	
PLO 6	X					X
