

## THE UNIVERSITY OF HONG KONG

**Template for Mapping of Programme Learning Outcomes to University Educational Aims – Taught Postgraduate Programmes**Faculty of MedicineProgramme title: Master of NursingApplicable student cohort(s): 2022-23

The purpose of mapping is to illustrate the coherence of the programme in achieving the University Educational Aims (UEAs). The mapping should be an evaluative and reflective process, and the Faculty must ensure that the programme as a whole offers students sufficient opportunities to develop the attributes articulated in each of the UEAs and the corresponding Institutional Learning Outcomes. *Please put a tick (✓) in the boxes under the UEA columns below to indicate the alignment, as applicable.*

Programme Learning Outcomes (PLOs)	Alignment with University Educational Aims (UEAs)*					
	Benchmarked against the highest international standards, the taught postgraduate programmes at HKU are designed to enable students to develop capabilities in:					
	UEA1 Critical intellectual enquiry and acquiring up-to-date knowledge and research skills in a discipline/profession	UEA2 Application of knowledge and research skills to practice or theoretical exploration, demonstrating originality and creativity	UEA3 Tackling novel situations and ill-defined problems	UEA4 Collaboration and communication of disciplinary knowledge to specialists and the general public	UEA5 Awareness of and adherence to personal and professional ethics	UEA6 Enhancement of leadership and advocacy skills in a profession (for professional programmes only)
PLO1: apply competently the advanced knowledge and skills in order to promote a culture of professional excellence in nursing practice and lead dynamic changes to nursing practice.	✓					
PLO2: contribute to the advancement of nursing knowledge and practice through research and evidence-based practice.		✓				
PLO3: adhere to personal and professional ethics in health care and advanced nursing practice through critical thinking, reflective practice and lifelong learning.					✓	
PLO4: generate innovative solutions for complex health care challenges to achieve optimal outcomes.			✓			
PLO5: lead, collaborate and coordinate inter-disciplinary team work and communicate with key stakeholders effectively and professionally.				✓		
PLO6: demonstrate leadership in advanced nursing practice in a chosen specialty.						✓

\*The Institutional Learning Outcomes for each UEA can be found at [tl.hku.hk/tl/](http://tl.hku.hk/tl/).
